WHY SCHOLARSHIP FUNDING MATTERS

A word from past scholarship recipients

“ ...I was given not only the tools, but the community I needed to **step out in faith and launch my ministry**. It is now my joy after several years to go back and serve on the faculty sharing some of those tools that were gifted to me. ”

- Jenn H.

“ God is using me in a speaking capacity even with stage four cancer. This conference helped **solidify in my heart that God still has a ministry for me** and doctors can't put an expiration date on my ministry or life when God is in charge. The conference was life-changing... ”

- Nancy B.

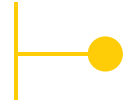

“ **Without the scholarship ... I never would have been able to attend** a conference that goes above and beyond just teaching the skills needed for speaking and writing... ...[The professionals] are truly there to help you become successful in serving our Lord. ”

- Gloria Q.

“ The heart of discipleship is evident in the planning, conversations, and community [of Speak Up]. I look forward to returning and being able to provide a scholarship for someone else someday soon! **I was forever changed...** ”

- Ginny D.
