

## Speak Up Virtual 2025 — Viewing Instructions & How to Engage

We are so excited to welcome you to **Speak Up Virtual 2025!** Whether this is your first time attending or you're a returning participant, we want to make sure you feel confident and fully equipped to engage in everything this incredible virtual experience has to offer.

### How to Access Your Sessions:

Before the conference begins, you will receive an email with **all the links and instructions** you need to join each part of the conference. To make it even easier, all of the links will also be posted inside the **Speak Up Facebook Group 2025**, so you'll always have easy access at your fingertips.

Be sure to stay connected inside the Facebook group throughout the event! This is your virtual “lobby” — a great place to interact with fellow attendees, ask questions, share takeaways, and catch any live updates happening before or during the conference.

### A Note About Time Zones:

All sessions on the schedule are listed in **Eastern Time (ET)**. Please take a moment to adjust for your own time zone so you don't miss a thing.

### Zoom Connections & Interactive Sessions:

You'll enjoy many opportunities to connect face-to-face with other attendees, prayer partners, and virtual faculty through Zoom.

- ✓ **Coffee Chat Connect Rooms**
- ✓ **Prayer Connect Rooms**
- ✓ **Virtual Faculty Coaching & Workshops**

The great news? You'll use **ONE Zoom link** for all of these interactive sessions. Once you log in, you'll be guided to the right breakout room based on your session.

### Main Sessions on YouTube:

All of the **Main Sessions** — including keynote messages, panels, and general sessions — will be streamed live on YouTube. You'll receive the direct link for each session via email and in the Facebook group before the session begins.

### Live Workshops on YouTube:

Our incredible **Live Workshops** will also be streamed through YouTube. Like the

Main Sessions, you'll receive the link for each workshop ahead of time via email and in the Facebook group.

### **Can't make it live? No problem!**

Every single live session will be recorded and available for replay on YouTube as soon as the session ends. So even if your schedule gets busy, you won't miss any of the valuable teaching, encouragement, or training.

We are here to support you every step of the way and can't wait to see how God works in your life through Speak Up Virtual 2025. This is your time to grow, connect, and step boldly into your calling!
